

2020 WCTKD VIRTUAL TOURNAMENT

1. On the November 14th, 2020 students will be expected to log onto the Tournament Landing page at 9:00 am.
 - a. <https://worldclasstaekwondo.org/tournament2020/>
2. The opening ceremonies will take place via the YouTube livestream at the top of the page are estimated to conclude about 10:15 am.
3. At the end of the opening ceremonies we will direct students to enter their Virtual Rings via Zoom Room Links. These links will be located at the bottom of the Landing Page in the form belt icons for the various ranks [White, Yellow, Yellow-Green / Orange, Green, Blue, Red, Black].
4. These Zoom Room or Virtual Rings will be structure in the following manner with three main areas during the event.
 - a. The following is the structure for the Virtual Rings
 - i. Waiting Room; which is the staging area, much like the back of the ring at our annual tournament.
 - ii. Floor; this is where the competition will take place, much like being in the ring at our annual tournament.
 - iii. Judges Table; this is where the judges will exit the floor to review the scores in order to award medals. Just like our annual tournament.
5. Once they enter the Zoom Room they will go into a waiting room or staging. Once everyone is there then all will be moved to the floor where the master instructor or black belt caller will address the competitors and attendance will be taken.
6. After that everyone will be moved back to the waiting room, and the first group of competitors will be selected and moved back to the floor to compete. In the meantime, all competitors that are waiting to compete will need to remain in the waiting until they have been called. This is the same as sitting at the back of the ring during the tournament.
7. Once that group has competed then the competitors will remain in the floor while the Master instructors exit the floor and go into a breakout room or the also known as the judges table to review the scoring. The judges will return to the floor once they have completed this task.
8. When they exit the judges table the return to the floor, they will award the virtual medals.
9. Once the students have received their medals, they will be able to exit the tournament.
